Rally Energy Corp. announces that it is making corporate presentations at the COPIC Energy Investor Conference in Montreal, Quebec on Tuesday, September 27, 2005 and in Toronto, Ontario on Thursday, September 29, 2005. COPIC investor conferences provide a forum for oil and gas exploration and production companies to address a broad audience of investment research analysts, institutional portfolio managers, stockbrokers, investment and corporate bankers.

Mr. Abby Badwi, President and CEO will lead a full review of the recently formalized Three-Year Global Development Plan. The Plan establishes clear development objectives for the Corporation's core assets in the Issaran Oilfield in Egypt, for the Rodho gas discovery at Safed Koh in Pakistan, and for the Corporation's production base in Canada.

The Toronto presentation, scheduled for 2:00 - 2:30pm EDT, will be webcast live by the CNW Group on September 29, 2005. To access the conference presentation, go to www.newswire.ca and look under the "webcasts" heading. Presentations will be archived for ninety days. The presentation will also be posted on Rally Energy's website (www.rallyenergy.com).

Based in Calgary, Alberta, Canada, Rally Energy is an oil and gas exploration, development and production company. The Corporation's primary area of operations is in Egypt, where it has a 100% operating interest in the Issaran oilfield, a significant heavy oil development opportunity with strong growth potential. In Pakistan, the Corporation holds a 22.5% interest in the Safed Koh Block, where it plans to participate in the development of large natural gas/condensate discoveries. In Canada, Rally Energy is active in Alberta and Saskatchewan with varied working interests in several producing properties.

WARNING: Rally Energy Corp. relies on litigation protection for "forward-looking" statements.
